<p>Attached is a copy of the report on the Brooks bill relating to <u>Automatic Data Processing equipment</u>. I have clipped the report at page 34 so that you can see the words that they put in concerning national security and intelligence. Also clipped is a copy of the Agency's letter with its views on the bill. This is about the best that we anticipated. I understand the bill will go on to the floor for a vote in the House next week and there is no indication of Senate action this year.</p> <p style="text-align: right;"><i>John S. Warner</i></p>
